

REMARKS

Careful consideration has been given to the Official Action of January 12, 2005, and the above amendatory action has been taken to place the application into condition for allowance.

In this regard, an interview was held with respect to the above application on April 6, 2005, between Clifford Mass Attorney of Record and Kevin Kerns, the Examiner of this application.

The summary of the interview is set forth by the Examiner in the Interview Summary and it's contents have been adopted in the amendatory action which has been taken. Namely, claim 29 has been amended to incorporate the subject matter of claim 30. Additionally, new claim 34 has been added and is dependent from claim 29 drawn to the embodiment of fig 2.

The claims to the nonelected invention have been cancelled.

By reason of the above action and comments, it is respectfully submitted that the application is now in condition for allowance early notice of which would be appreciated.

Respectfully submitted,
